

SAINI PUBLIC SCHOOL KURUKSHETRA
SUMMER VACATIONS ASSIGNMENT
2017-18 GRADE-I

Dear Children

The long awaited summer vacation is here. Vacation is a time to relax, be productive and to get ahead. As it is important to rest and enjoy, equally important is to continue to learn. So, strike a balance between work and play and allow yourself to grow in the process. You can spend your time as you wish but make sure that along with enjoying and relaxing make this vacation a time to learn new things, exploring the opportunities available and prepare fully for the future course of action in life.

Hence, in order to let you stay in touch with academics, a little amount of holidays' homework is assigned as below:

SUBJECT	HOMEWORK
ENGLISH	<p>Reading:- Read lesson 1& 2 of Olivia book.</p> <p>Writing:- Write small cursive letters a to z, Capital cursive A to Z in separate notebook.</p> <p>E-DAC:- Complete all the tasks given in E dac book from page no. 69 to 79.</p>

GK	<ul style="list-style-type: none"> ● Read and learn chapter 1 to 8. 						
ART & CRAFT	<ul style="list-style-type: none"> ● Colouring in book pg. No. 2,7,14 ● Draw- Rugby ball, Train, Fish, Powerpuff girls. 						

SAINI PUBLIC SCHOOL KURUKSHETRA
SUMMER VACATIONS ASSIGNMENT
2017-18 GRADE-III

Dear Children

The long awaited summer vacation is here. Vacation is a time to relax, be productive and to get ahead. As it is important to rest and enjoy, equally important is to continue to learn. So, strike a balance between work and play and allow yourself to grow in the process. You can spend your time as you wish but make sure that along with enjoying and relaxing make this vacation a time to learn new things, exploring the opportunities available and prepare fully for the future course of action in life.

Hence, in order to let you stay in touch with academics, a little amount of holidays' homework is assigned as below:

SUBJECT	HOMEWORK
ENGLISH	<ul style="list-style-type: none"> ● 1. Read Lesson 1 and 2. Do the book exercise of both chapters given at the end of lesson. ● 2. Do the assignment given in sps.myclassboard.com (in the english notebook) ● 3. Learn all the syllabus done in the class.
HINDI	<ul style="list-style-type: none"> ● पाठ 1 से 3 अभ्यास सहित याद करो । ● 8 सुंदर सुलेख लिखो. ● पाठ एक वर्णमाला याद करो। ● कोई 10 लिंग बदलो लिखो.
MATH	<ul style="list-style-type: none"> ● Revise ch-1(Let us revise), ch-2(Fun with numbers) . ● Activity - How Old is Tree? Near your location find any five trees and estimate the age of trees. Every year on our birthday we have a reminder of how old we are. And if we ever forget, we can always ask our parents! How do you think you find out how old a tree is? When a tree has been cut down, you can count its "rings" in order to tell how old it is, but what about when it is alive? We can't ask a tree how old it is. But there is a way! ● This activity will teach you and your child a way to estimate the age of a tree without cutting it down. It doesn't work with every tree but it will with a lot of them. ● What You Need: Tree Measuring tape Marker Pen Paper Helper ● What You Do: 1. Help your child find a tree that is at least as tall as a grown up and have your child wrap the measuring tape around the widest part of the trunk. (A grown up might need to help with this part!) The distance around the trunk of a tree is called the circumference. Write this measurement down on a piece of paper. 2. The measurement of the circumference in inches is also the approximate age of the tree in years! ● Did You Know? Every year a new layer of growth occurs just under the bark. Some trees like firs and redwoods may grow more than this in a year, while others like cedars may grow less. This method is a good rule of thumb to estimate the age of a tree.
EVS	<ul style="list-style-type: none"> ● Read Lesson 1 to 2 and learn their exercise given in the lesson and at the end of the chapter. ● Read lesson 3 and 4. ● Activity :Make a model of tooth with the help of colourful dough clay.
COMPUTER	<ul style="list-style-type: none"> ● Reading:- Read Lesson 1 & 2 and learn the exercise questions. ● Practice Microsoft paint in computer and make different objects like pencil, car etc.Do not make CD or take Printouts.
GK	<ul style="list-style-type: none"> ● Read and learn chapter 1 to 10.
ART & CRAFT	<ul style="list-style-type: none"> ● Colouring in book pg. No. 7,8 ● Draw- Mouse, Bird, Fruits,
